**Important Information about Discovery Pass:**

Each Discovery Pass can be redeemed once on the reservation date specified. The number of people that can use one pass will vary depending on the venue. Some passes only allow free admission for the customer who made the reservation, while others allow for groups of up to four. Please refer to the individual details of each pass for more information.
Discovery Passes are available on a first-come, first-served basis. Passes may be reserved through the library’s website and online reservation system using your library card. Each pass provides one-time admission or tour to an attraction on the date specified. One Discovery Pass may be checked out per adult library card at a time, and only once during a 12-month period. Blackout dates and restrictions may apply.

Additional admission is available for purchase from the attraction. Pass does not include any parking fees or entry to exhibit openings or other special events beyond the price of general admission. Passes are not renewable, however, as noted above e-Passes can be replaced if lost.

The reservation system shows the library customer which dates are available, and an e-pass is created for that date only. Customers will present the e-pass on their devices or a printed pass to gain entry to the Discovery Pass attraction or museum.
